

From the desk of Shelley Becker

Yearbook Class:

This class provides staff members the opportunity to learn about and develop skills in design, photography, writing, technology, business, organization, communication, management, and leadership. We began the year by appointing editors, choosing a theme for our yearbook, and assigning businesses to staff for the purpose of recruiting sponsors to support the cost of the yearbook. We have also begun the sale of the actual yearbook to students. Adrienne Mahoney is this year's Head Editor. We have set a goal to generate \$7000 revenue from sponsors. Staffers have currently collected \$3000. Pages have already been assigned for the year, and in the next week they will be introduced to Josten's on-line computer program where the pages will be created. Taking pictures for the yearbook is a never ending process and if anyone in the community has some great photos that will help us reflect the history of our students during this school year, please email them to beckers@roschools.com.
