

There have been significant changes made to our gym floor which I think everyone will appreciate and will certainly be a benefit for basketball and volleyball. The lettering for Red Oak and Tigers is "wider", the new outline of the orange border around the basketball court, orange in the free throw lanes and buffer zones, orange vb outline for the varsity ct., and gray for Fr./JV, 3 pt line for side baskets, 12 dot drills and 4 ladders on the outside edges. A big thank you to Matt and Trevor, a hard working duo with endless patience in answering questions and to Trish Earley for "cleaning up" the tiger! Certainly, the mascot would not have been possible without the assistance or persistence of Lee Fellers and Randy Spangenberg and many generous donations. What a great source of pride this will be for the school and community. Hope to see you all in the gym this fall and enjoy the sneak peek -Angie
