ROLE OF AND GUIDING PRINCIPLES FOR EMPLOYEES

This series of the board policy manual is devoted to the board's goals and objectives for employees in the performance of their jobs. Employees provide a variety of important services for the children of the school district community. They may be teaching or assisting in the classroom, working in the office, maintaining the facilities, driving or repairing the school buses, or cooking lunches. Each employee plays a vital role in providing an equal opportunity for a quality education for students commensurate with the students' individual needs. While the teachers have the most direct impact on the formal instruction of students, all employees have an impact on the school environment by their dedication to their work and their actions. As role models for the students, employees shall promote a cooperative, enthusiastic, and supportive learning environment for the students.

In striving to achieve a quality education program, the board's goal is to obtain and retain qualified and effective employees. The board shall have complete discretion to determine the number, the qualifications, and the duties of the positions and the school district's standards of acceptable performance. It shall be the responsibility of the superintendent to make recommendations to the board in these areas prior to board action. The board recognizes its duty to bargain collectively with duly certified collective bargaining units.

Board policies in this series relating to general employees shall apply to employees regardless of their position as a licensed employee, classified employee, substitute or administrator. Board policies relating to licensed employees shall apply to positions that require a teaching license or administrator's certificate or other professional license, certificate or endorsement, unless administrative positions are specifically excluded from the policy or a more specific policy is in the 300 series. Classified employees' policies included in this series shall apply to positions that do not fall within the definition of licensed employee.

EQUAL EMPLOYMENT OPPORTUNITY

The Red Oak Community School District will provide equal opportunity to employees and applicants for employment in accordance with applicable equal employment opportunity and affirmative action laws, directives and regulations of federal, state and local governing bodies. Opportunity to all employees and applicants for employment includes hiring, placement, promotion, transfer or demotion, recruitment, advertising or solicitation for employment, treatment during employment, rates of pay or other forms of compensation, and layoff or termination. The school district will take affirmative action in major job categories where women, men, minorities, persons with disabilities, sexual orientation and gender identity, race, color, creed, national origin, religion, age, marital status, and socioeconomic status are underrepresented. Employees will support and comply with the district's established equal employment opportunity and affirmative action policies. Employees will be given notice of this policy annually.

The board will appoint an affirmative action coordinator. The affirmative action coordinator will have the responsibility for drafting the affirmative action plan. The affirmative action plan will be reviewed by the board at least every two years.

Individuals who file an application with the school district will be given consideration for employment if they meet or exceed the qualifications set by the board, administration, and Iowa Department of Education for the position for which they apply. In employing individuals, the board will consider the qualifications, credentials, and records of the applicants without regard to all categories listed in paragraph one. In keeping with the law, the board will consider the veteran status of applicants.

Prior to a final offer of employment for any position, the school district will perform the background checks required by law. The district may determine on a case-by-case basis that, based on the duties, some positions within the district will require more thorough background checks. Based upon the results of the background checks, the school district will determine whether an offer will be extended. If the candidate is a teacher who has an initial license from the BOEE, then the requirement for a background check is waived.

Advertisements and notices for vacancies within the district will contain the following statement: "The Red Oak Community School District is an equal employment opportunity/affirmative action employer." The statement will also appear on application forms.

Inquiries by employees or applicants for employment regarding compliance with equal employment opportunity and affirmative action laws and policies, including but not limited to complaints of discrimination, will be directed in writing to the Director of the Region VII office of Civil Rights, U.S. Department of Education, 310 W Wisconsin Ave., Ste. 800, Milwaukee, Wisconsin, 53203-2292. EMPLOYEE CONFLICT OF INTEREST

Employees' use of their position with the school district for financial gain is considered a conflict of interest with their position as employees and may subject employees to disciplinary action.

Employees have access to information and a captive audience that could award the employee personal or financial gain. No employee may solicit other employees or students for personal or financial gain to the employee without the approval of the superintendent. If the approval of the superintendent is given, the employee must conduct the solicitations within the conditions set by the superintendent. Further, the superintendent may, upon five days notice, require the employee to cease such solicitations as a condition of continued employment.

Employees will not act as an agent or dealer for the sale of textbooks or other school supplies. Employees will not participate for personal financial remuneration in outside activities wherein their position on the staff is used to sell goods or services to students or to parents. Employees will not engage in outside work or activities where the source of information concerning the customer, client or employer originates from information obtained because of the employee's position in the school district.

It will also be a conflict of interest for an employee to engage in any outside employment or activity which is in conflict with the employee's official duties and responsibilities. In determining whether outside employment or activity of an employee creates a conflict of interest, situations in which an unacceptable conflict of interest is deemed to exist will include, but not be limited to, any of the following:

- (1) The outside employment or activity involves the use of the school district's time, facilities, equipment and supplies or the use of the school district's badge, uniform, business card or other evidences of office to give the employee or the employee's immediate family an advantage or pecuniary benefit that is not available to other similarly situated members or classes of members of the general public. For purposes of this section, a person is not "similarly situated" merely by being related to an employee who is employed by the school district.
- (2) The outside employment or activity involves the receipt of, promise of, or acceptance of more or other consideration by the employee or a member of the employee's immediate family from anyone other than the school district for the performance of any act that the employee would be required or expected to perform as part of the employee's regular duties or during the hours during which the employee performs service or work for the school district.
- (3) The outside employment or activity is subject to the official control, inspection, review, audit or enforcement authority of the employee during the performance of the employee's duties.

If the outside employment or activity is employment or activity in (1) or (2) above, the employee must cease the employment of or activity. If the activity or employment falls under (3), then the employee must:

- Cease the outside employment or activity; or,
- Publicly disclose the existence of the conflict and refrain from taking any official action or performing any official duty that would detrimentally affect or create a benefit for the outside employment or activity. Official action or official duty includes, but is not limited to, participating in any vote, taking affirmative action to influence any vote, or providing any other official service or thing that is not available generally to members of the public in order to further the interests of the outside employment or activity.

EMPLOYEE CONFLICT OF INTEREST

- (2) The outside employment or activity involves the receipt of, promise of, or acceptance of more or other consideration by the employee or a member of the employee's immediate family from anyone other than the school district for the performance of any act that the employee would be required or expected to perform as part of the employee's regular duties or during the hours during which the employee performs service or work for the school district.
- (3) The outside employment or activity is subject to the official control, inspection, review, audit or enforcement authority of the employee during the performance of the employee's duties.

If the outside employment or activity is employment or activity in (1) or (2) above, the employee must cease the employment or activity. If the activity or employment falls under (3), then the employee must:

- Cease the outside employment or activity; or
- Publicly disclose the existence of the conflict and refrain from taking any official action or performing any official duty that would detrimentally affect or create a benefit for the outside employment or activity. Official action or official duty includes, but is not limited to, participating in any vote, taking affirmative action to influence any vote, or providing any other official service or thing that is not available generally to members of the public in order to further the interests of the outside employment or activity.

It is the responsibility of each employee to be aware of and take the necessary action to eliminate a potential conflict of interest should it arise.

EMPLOYEE RECORDS

The school district will maintain personnel records on employees. The records are important for the daily administration of the educational program, for implementing board policy, for budget and financial planning, and for meeting state and federal requirements.

The records will include, but not be limited to, records necessary for the daily administration of the school district, salary records, evaluations, application for employment, references, and other items needed to carry out board policy. Employee personnel files are school district records and are considered confidential records and therefore are not generally open to public inspection or accessibility. Only in certain limited instances, when the employee has given a signed consent, will employee personnel records be accessible to individuals other than the employee or authorized school officials.

Employees may have access to their personnel files, with the exception of confidential letters of reference, and copy items from their personnel files at a time mutually agreed upon between the superintendent and the employee. The school district may charge a reasonable fee for each copy made. However, employees will not be allowed access to the employment references written on behalf of the employee. Board members will generally only have access to an employee's file when it is necessary because of an employee related matter before the board.

It is the responsibility of the superintendent to keep employees' personnel files current. The board secretary is the custodian of employee records.

It is the responsibility of the superintendent to develop administrative regulations for the implementation of this policy.

CREDIT CARDS

Employees may use school district credit cards for the actual and necessary expenses incurred in the performance of work-related duties. Actual and necessary expenses incurred in the performance of work-related duties include, but are not limited to, fuel for school district transportation vehicles used for transporting students to and from school and for school-sponsored events, payment of claims related to professional development of the board and employees, and other expenses required by employees and the board in the performance of their duties.

Employees and officers using a school district credit card must submit a detailed receipt in addition to a credit card receipt indicating the date, purpose and nature of the expense for each claim item. Failure to provide a proper receipt will make the employee responsible for expenses incurred. Those expenses are reimbursed to the school district no later than ten working days following use of the school district's credit card. In exceptional circumstances, the superintendent or board may allow a claim without proper receipt. Written documentation explaining the exceptional circumstances is maintained as part of the school district's record of the claim.

The school district may maintain a school district credit card for actual and necessary expenses incurred by employees and officers in the performance of their duties. The superintendent may maintain a school district credit card for actual and necessary expenses incurred in the performance of the superintendent's duties. The transportation director may maintain a school district credit card for fueling school district transportation vehicles in accordance with board policy.

It is the responsibility of the superintendent to determine whether the school district credit card use is for appropriate school business. It is the responsibility of the board to determine through the audit and approval process of the board whether the school district credit card use by the superintendent and the board is for appropriate school business.

The superintendent is responsible for developing administrative regulations regarding actual and necessary expenses and use of a school district credit card. The administrative regulations will include the appropriate forms to be filed for obtaining a credit card.

CHILD ABUSE REPORTING

In compliance with state law and to provide protection to victims of child abuse, the board believes incidents of alleged child abuse should be reported to the proper authorities. Employees are encouraged, and licensed employees are required as mandatory reporters, to report alleged incidents of child abuse they become aware of within the scope of their professional duties.

When a mandatory reporter suspects a student is the victim of child abuse, the mandatory reporter will orally or in writing notify the Iowa Department of Human Services. If the mandatory reporter believes the child is in immediate danger, the local law enforcement agency will also be notified. Within forty-eight hours of the oral report, the mandatory reporter will file a written report with the Iowa Department of Human Services.

Within six months of their initial employment, mandatory reporters will take a two-hour training course involving the identification and reporting of child abuse, or submit evidence they've taken the course within the previous five years. The course will be retaken at least every five years.

CHILD ABUSE REPORTING REGULATION

Iowa law requires licensed employees to report to the Iowa Department of Human Services (DHS) instances of suspected child abuse which they become aware of within the scope of their professional duties.

The law further specifies that a licensed employee who knowingly or willfully fails to report a suspected case of child abuse is guilty of a simple misdemeanor and that the licensed employee may be subject to civil liability for damages caused by the failure to report.

Employees participating in good faith in the making of a report or in a judicial proceeding that may result from the report, are immune from liability.

Child Abuse Defined

"Child abuse" is defined as:

- Any nonaccidental physical injury, or injury which is at variance with the history given of it, suffered by a child as the result of the acts or omissions of a person responsible for the care of the child.
- The commission of a sexual offense with or to a child . . . as a result of the acts or omissions of the person responsible for the child. . . . Sexual offense includes sexual abuse, incest, and sexual exploitation of a minor.
- The failure on the part of a person responsible for the care of a child to provide for the adequate food, shelter, clothing or other care necessary for the child's welfare when financially able to do so. A parent or guardian legitimately practicing religious beliefs who does not provide specified medical treatment for a child for that reason alone will not be considered abusing the child.
- The acts or omissions of a person responsible for the care of a child which allow, permit or encourage the child to engage in acts prohibited pursuant to *Iowa Code*, section 725.1 which deals with prostitution..
- Any mental injury to a child's intellectual or psychological capacities evidenced by an observable and substantial impairment in the child's ability to function within the child's normal range of performance and behavior as the result of the acts or omissions of a person responsible for the care of the child, if the impairment is diagnosed by a licensed physician or qualified mental health professional.
- An illegal drug is present in a child's body as a direct and foreseeable consequence of the acts of omissions of the person responsible for the care of the child.

Teachers in public schools are not "persons responsible for the care of the child" under this definition. However, a teacher who abuses a child is subject to civil, criminal, and professional sanctions.

CHILD ABUSE REPORTING REGULATION

Reporting Procedures

Licensed employees, including teachers and school nurses, are required to report, either orally or in writing, within twenty-four hours to the Iowa Department of Human Services (DHS) when the employee reasonably believes a child has suffered from abuse within the scope of employment. Within forty-eight hours of an oral report, a written report must be filed with DHS.

Each report should contain as much of the following information as can be obtained within the time limit. However, the law specifies a report will be considered valid even if it does not contain all of the following information:

- name, age, and home address of the child;
- name and home address of the parents, guardians or other persons believed to be responsible for the care of the child;
- the child's present whereabouts if not the same as the parent's or other person's home address;
- description of injuries, including evidence of previous injuries;
- name, age, and condition of other children in the same home;
- any other information considered helpful; and,
- name and address of the person making the report.

Board policy states it is not the responsibility of employees to prove that a child has been abused or neglected. Employees should not take it upon themselves to investigate the case or contact the family of the child. DHS is responsible for investigating the incident of alleged abuse.

ABUSE OF STUDENTS BY SCHOOL DISTRICT EMPLOYEES

Physical or sexual abuse of students, including inappropriate and intentional sexual behavior, by employees will not be tolerated. The definition of employees for the purpose of this policy includes not only those who work for pay but also those who are volunteers of the school district under the direction and control of the school district. Employees found in violation of this policy will be subject to disciplinary action up to and including discharge.

The school district will respond promptly to allegations of abuse of students by school district employees by investigating or arranging for the investigation of an allegation. The processing of a complaint or allegation will be handled confidentially to the maximum extent possible. Employees are required to assist in the investigation when requested to provide information and to maintain the confidentiality of the reporting and investigation process.

The school district has appointed a Level I investigator and alternate Level I investigator. The school district has also arranged for a trained, experienced professional to serve as the Level II investigator. The Level I investigator and alternate will be provided training in the conducting of an investigation at the expense of the school district. The names of the investigators are listed in the student handbook, published annually in the local newspaper and posted in all school facilities.

The superintendent is responsible for drafting administrative regulations to implement this policy.

NOTE:

The last sentence of the third paragraph is mandatory in the law and is an item in the DE accreditation report.

ABUSE OF STUDENTS BY SCHOOL DISTRICT EMPLOYEES REGULATION

An individual who has knowledge an employee has physically or sexually abused a student may immediately report it to the school district's Level I investigator. "Employee" means one who works for pay or as a volunteer under the direction and control of the school district. The report is written, signed and witnessed by a person of majority age. The witness may be the Level I investigator. The reporter is the individual filing the report. The report will contain the following:

- The full name, address, and telephone number of the person filing.
- The full name, age, address, and telephone number, and attendance center of the student.
- The name and place of employment of the employee who allegedly committed the abuse.
- A concise statement of the facts surrounding the incident, including date, time, and place of occurrence, if known.
- A list of possible witnesses by name, if known.
- Names and locations of persons who examined, counseled or treated the student for the alleged abuse, including the dates on which those services were provided, if known.

Upon request, the Level I investigator may assist the reporter in completing the report. An incomplete report will not be rejected unless the missing information would render the investigation futile or impossible. An employee receiving a report of alleged abuse of a student by an employee will pass the report to the investigator and will keep the report confidential to the maximum extent possible. In performing the investigation, the investigator will have access to the educational records of the alleged student victim as well as access to the student for interviewing purposes.

In order for the school district to have jurisdiction over the acts and to constitute a violation of the law, acts of the employee must be alleged to have occurred on school grounds, on school time, at a school-sponsored activity, or in a school-related context. However, the student need not be a student in the school district. The student can be from another school district. To be investigable, the written report must include basic information showing that the victim of the alleged abuse is or was a student at the time of the incident, that the alleged act of the employee resulted in injury or otherwise meets the definition of abuse in these rules, and that the person responsible for the act is currently an employee. If the report is not investigable due to lack of jurisdiction, the investigator will dismiss the complaint and inform the reporter of other options available. Other options available to the reporter include contacting law enforcement authorities, private counsel, or the Board of Educational Examiners in the case of a licensed employee.

If the Level I investigator believes the student is in imminent danger if continued contact is permitted between the employee and the student, the Level I investigator may:

- temporarily remove the student from contact with the employee;
- temporarily remove the employee from service; or,
- take other appropriate action to ensure the student's safety.

The Level I investigator will have access to the educational records of the student and access to the student for purposes of interviewing the student about the report.

ABUSE OF STUDENTS BY SCHOOL DISTRICT EMPLOYEES REGULATION

Physical Abuse Allegations

When physical abuse is reported, the Level I investigator will make copies of the report and give a copy to the person filing the report, the students' parents and the immediate supervisor of the employee named in the report. The employee named in the report will not receive a copy of the report until the employee is initially interviewed.

The Level I investigator will use discretion in handling the information received regarding an investigation of abuse by an employee, and those persons involved in the investigation will not discuss information regarding the complaint outside the investigation. The entire investigative procedure will be thoroughly explained, including the confidential nature of the proceedings, to the student and other persons involved in the investigation.

Within five days of receipt of an investigable report, the Level I investigator will complete an informal investigation. The informal investigation will consist of interviews with the student, the employee and others who may have knowledge of the alleged incident. If the Level I investigator determines that the allegations in the report are founded and that immediate and professional investigation is necessary, the Level I investigator may defer further investigation and contact appropriate law enforcement officials, the student's parents and the person filing the report. Within fifteen days of receipt of the report, the Level I investigator will complete a written investigative report, unless the investigation was temporarily deferred.

The written investigative report will include:

1. The name, age, address and attendance center of the student named in the report.
2. The name and address of the student's parent or guardian and the name and address of the person filing the report, if different from the student's parent or guardian.
3. The name and work address of the employee named in the report as allegedly responsible for the abuse of the student.
4. An identification of the nature, extent and cause, if known, of any injuries or abuse to the student named in the report.
5. A general review of the investigation.
6. Any actions taken for the protection and safety of the student.
7. A statement that, in the investigator's opinion, the allegations in the report are either:
 - Unfounded. (*It is not likely that an incident, as defined in these rules, took place*), or
 - Founded. (*It is likely that an incident took place.*)
8. The disposition or current status of the investigation.
9. A listing of the options available to the parents or guardian of the student to pursue the allegations. These options include, but are not limited to:
 - Contacting law enforcement officials.
 - Contacting private counsel for the purpose of filing a civil suit or complaint.
 - Filing a complaint with the board of educational examiners if the employee is a licensed employee.

ABUSE OF STUDENTS BY SCHOOL DISTRICT EMPLOYEES REGULATION

The investigator will retain the original and provide a copy of the written investigative report to the school employee named in the report, the employee's supervisor and the student's parent or guardian. The person filing the report, if not the student's parent or guardian, is notified only that the Level I investigation has been concluded and of the disposition or anticipated disposition of the case.

It is the responsibility of the Level I investigator to determine whether it is more likely than not that an incident of abuse as defined in the rules took place between the student and employee. The Level I investigator does not make the determination of whether the use of physical contact was appropriate or whether any of the exceptions apply. That is the responsibility of the Level II investigator. Upon completion of the report, if the Level I investigator determines the allegations of physical abuse are founded and serious, the Level I investigator will notify law enforcement authorities. If the allegations are founded but the physical abuse is not of a serious nature, the Level I investigator will refer the case on to the Level II investigator.

The Level II investigator will review the Level I investigator's final investigative report and conduct further investigation. The Level II investigative report will state the conclusion as to the occurrence of the alleged incident, the applicability of exceptions, the reason for the contact or force used, and recommendations regarding the need for further investigation. In determining the applicability of the exceptions or the reasonableness of the contact or force used, the Level II investigator will use the following definitions:

Physical abuse is non-accidental physical injury to the student as a result of the action of an employee. Injury occurs when evidence of it is still apparent at least twenty-four hours after its occurrence. The following do not constitute physical abuse, and no employee is prohibited from:

1. Using reasonable and necessary force, not designed or intended to cause pain:
 - To quell a disturbance or prevent an act that threatens physical harm to any person.
 - To obtain possession of a weapon or other dangerous object within a pupil's control.
 - For the purposes of self-defense or defense of others as provided for in Iowa Code § 704.3.
 - For the protection of property as provided for in Iowa Code §§ 704.4, .5.
 - To remove a disruptive pupil from class, or any area of school premises or from school-sponsored activities off school premises.
 - To prevent a student from the self-infliction of harm.
 - To protect the safety of others.
2. Using incidental, minor, or reasonable physical contact to maintain order and control.

ABUSE OF STUDENTS BY SCHOOL DISTRICT EMPLOYEES REGULATION

In determining the reasonableness of the contact or force used, the following factors are considered:

- The nature of the misconduct of the student, if any, precipitating the physical contact by the school employee.
- The size and physical condition of the student.
- The instrumentality used in making the physical contact.
- The motivation of the school employee in initiating the physical contact.
- The extent of injury to the student resulting from the physical contact.

"Reasonable force" is that force and no more which a reasonable person, in like circumstances, would judge to be necessary to prevent an injury or loss and can include deadly force if it is reasonable to believe that such force is necessary to avoid injury or risk to one's life or safety or the life or safety of another, or it is reasonable to believe that such force is necessary to resist a like force or threat.

Upon completion of the Level II investigation, the Level I investigator will forward copies of the Level II investigative report to the employee, the employee's immediate supervisor and the student's parent. The Level I investigator will notify the person filing the report of the current status of the case.

If the Level II investigator's report or law enforcement officials conclude abuse occurred, or the employee admits the violation, or the employee has surrendered the employee's certificate or license, the Level I investigator will file a complaint with the State Board of Educational Examiners. The Level I investigator will also arrange for counseling services for the student if the student or student's parents request counseling services.

Sexual Abuse

Sexual abuse is defined as including sexual acts involving a student, acts that encourage the student to engage in prostitution, as well as inappropriate, intentional sexual behavior or sexual harassment by the employee toward a student. "Sexual harassment" is defined as unwelcome sexual advances, requests for sexual favors or other verbal or physical conduct of a sexual nature when:

1. Submission to the conduct is made either implicitly or explicitly a term or condition of the student's education or benefits;
2. Submission to or rejection of the conduct is used as the basis for academic decisions affecting that student; or
3. The conduct has the purpose or effect of substantially interfering with a student's academic performance by creating an intimidating, hostile or offensive education environment.

When sexual abuse is reported, the Level I investigator will make copies of the report and give a copy to the person filing the report, the students' parents and the immediate supervisor of the employee named in the report. The employee named in the report will not receive a copy of the report until the employee is initially interviewed. The designated investigator will not interview the school employee named in a report of sexual abuse until after a determination is made that jurisdiction exists, the alleged victim has been interviewed and a determination made that the investigation will not be deferred.

ABUSE OF STUDENTS BY SCHOOL DISTRICT EMPLOYEES REGULATION

The investigator will notify the parent, guardian or legal custodian of a student in prekindergarten through grade six, of the date and time of the interview and of the right to be present or to see and hear the interview or send a representative in the parent's place. The Level I investigator will interview the student as soon as possible, but in no case later than five days from the receipt of a report or notice of the allegation of sexual abuse. The Level I investigator may record the interview electronically.

The Level I investigator will exercise discretion in the investigative process to preserve the privacy interests of the individuals involved. To the maximum extent possible, the investigator will maintain the confidentiality of the report.

It is the responsibility of the Level I investigator to determine whether it is more likely than not that an incident took place between the employee and the student. If the Level I investigator believes the employee committed a sex act with a student or sexually exploited a student, the Level I investigator will defer the Level I investigation and immediately notify law enforcement officials, the student's parents and the person filing the report.

If the Level I investigator determines an incident occurred, while not an illegal sex act with a student or sexual exploitation of a student, but where the employee engaged in inappropriate, intentional sexual behavior, further investigation is warranted. If further investigation is warranted, the Level I investigator may proceed to interview the employee and other individuals who may have knowledge of the circumstances contained in the report. Prior to interviewing other individuals who may have knowledge of the circumstance contained in the report, the Level I investigator will provide notice of the impending interview of student witnesses or the student who is in prekindergarten through grade six, to their parent, guardian, or legal custodian, and may provide notice to the parent or guardian of older students, prior to interviewing those students. The Level I investigator shall, if founded, arrange for the Level II investigator to further investigate the allegations.

Within fifteen days of receipt of the report or notice of alleged sexual abuse, the Level I investigator will complete a written investigative report unless the investigation was temporarily deferred. The written investigative report will include:

1. The name, age, address and attendance center of the student named in the report.
2. The name and address of the student's parent or guardian and the name and address of the person filing the report, if different from the student's parent or guardian.
3. The name and work address of the school employee named in the report as allegedly responsible for the abuse of the student.
4. An identification of the nature, extent and cause, if known, of any injuries or abuse to the student named in the report.
5. A general review of the investigation.
6. Any actions taken for the protection and safety of the student.
7. A statement that, in the investigator's opinion, the allegations in the report are either:
 - Unfounded. (*It is not likely that an incident, as defined in these rules, took place*), or
 - Founded. (*It is likely that an incident took place.*)

ABUSE OF STUDENTS BY SCHOOL DISTRICT EMPLOYEES REGULATION

8. The disposition or current status of the investigation.
9. A listing of the options available to the parents or guardian of the student to pursue the allegations. These options include, but are not limited to:
 - Contacting law enforcement officials.
 - Contacting private counsel for the purpose of filing a civil suit or complaint.
 - Filing a complaint with the board of educational examiners if the school employee is certificated.

The investigator will retain the original and provide a copy of the investigative report to the school employee named in the report, the school employee's supervisor and the named student's parent or guardian. The person filing the report, if not the student's parent or guardian, is notified only that the Level I investigation has been concluded and of the disposition or anticipated disposition of the case.

If the allegations are founded, the Level I investigator will refer the case to the Level II investigator. The Level II investigator will review the Level I investigator's final investigative report and conduct further investigation if necessary. The Level II investigative report will state conclusively as to the occurrence of the alleged incident, conclusively as to the nature of the sexual abuse and recommendations regarding the need for further investigation. Upon completion of the Level II investigation, the Level I investigator will forward copies of the Level II investigative report to the employee, the employee's immediate supervisor and the student's parent. The Level I investigator will notify the person filing the report of the current status of the case.

If the Level II investigator's report or law enforcement officials conclude sexual abuse occurred, or the employee admits the violation, or the employee has surrendered the employee's certificate or license, the Level I investigator will file a complaint on behalf of the district after obtaining the superintendent's signature with the State Board of Educational Examiners. The Level I investigator will also arrange for counseling services for the student if the student or student's parents request counseling services.

In cases involving founded physical or sexual abuse by a licensed employee, the board will notify the Board of Educational Examiners. Information of unfounded abuse at Level I or Level II will not be kept in the employee's personnel file. If the Level I investigative report is founded but Level II is unfounded, then the Level I report is removed from the employee's permanent file.

It is the responsibility of the board to annually identify a Level I and Level II investigator. The board will also designate annually an alternate Level I investigator, preferably of the opposite sex of the designated Level I investigator, to whom reports may also be made. The names and telephone numbers of the Level I investigator and the alternate Level I investigator is included in employee handbooks, student handbooks, annually published in the local newspaper, and prominently displayed in all school buildings.

Employees will not, either directly or indirectly, solicit, accept or receive any gift, series of gifts or an honorarium unless the donor does not meet the definition of "restricted donor" stated below or the gift or honorarium does not meet the definition of gift or honorarium stated below.

A "restricted donor" is defined as a person or other entity which:

- Is seeking to be, or is a party to, any one or any combination of sales, purchases, leases or contracts to, from or with the school district;

- Is a lobbyist or a client of a lobbyist with respect to matters within the school district's jurisdiction.

A "gift" is the giving of anything of value in return for which something of equal or greater value is not given or received. However, "gift" does not include any of the following:

- Contributions to a candidate or a candidate's committee;
- Information material relevant to an employee's official function, such as books, pamphlets, reports, documents, periodicals or other information that is recorded in a written, audio or visual format;
- Anything received from a person related within the fourth degree by kinship or marriage, unless the donor is acting as an agent or intermediary for another person not so related;
- An inheritance;
- Anything available or distributed to the general public free of charge without regard to the official status of the employee;
- Items received from a charitable, professional, educational or business organization to which the employee belongs as a dues paying member if the items are given to all members of the organization without regard to an individual member's status or positions held outside of the organization and if the dues paid are not inconsequential when compared to the items received;
- Actual expenses of an employee for food, beverages, travel and lodging for a meeting, which is given in return for participation in a panel or speaking engagement at the meeting when the expenses relate directly to the day or days on which the employee has participation or presentation responsibilities;

PUBLIC COMPLAINTS ABOUT EMPLOYEES

The board recognizes situations may arise in the operation of the school district which are of concern to parents and other members of the school district community. While constructive criticism is welcomed, the board desires to support its employees and their actions to free them from unnecessary, spiteful, or negative criticism and complaints that do not offer advice for improvement or change.

The board firmly believes concerns should be resolved at the lowest organizational level by those individuals closest to the concern. Whenever a complaint or concern is brought to the attention of the board it will be referred to the administration to be resolved. Prior to board action however, the following should be completed:

- (a) Matters should first be addressed to the teacher or employee.
- (b) Unsettled matters from (a) above or problems and questions about individual attendance centers should be addressed to the employee's building principal for licensed employees and the superintendent for classified employees.
- (c) Unsettled matters regarding licensed employees from (b) above or problems and questions concerning the school district should be directed to the superintendent.
- (d) If a matter cannot be settled satisfactorily by the superintendent, it may then be brought to the board. To bring a concern regarding an employee, the individual may notify the board president in writing, who may bring it to the attention of the entire board, or the item may be placed on the board agenda of a regularly scheduled board meeting in accordance with board policy 214.1.

It is within the discretion of the board to address complaints from the members of the school district community, and the board will only do so if they are in writing, signed, and the complainant has complied with this policy.

EMPLOYEE OUTSIDE EMPLOYMENT

The board believes the primary responsibility of employees is to the duties of their position within the school district as outlined in their job description. The board considers an employee's duties as part of a regular, full-time position as full-time employment. The board expects such employees to give the responsibilities of their positions in the school district precedence over any other employment.

It is the responsibility of the superintendent to counsel employees, whether full-time or part-time, if, in the judgment of the superintendent and the employee's immediate supervisor, the employee's outside employment interferes with the performance of the employee's duties required in the employee's position within the school district.

The board may request the employee to cease the outside employment as a condition of continued employment with the school district.

EMPLOYEE PHYSICAL EXAMINATIONS

The Red Oak Community School District believes good health is important to job performance. School bus drivers will present evidence of good health upon initial hire and every other year in the form of a physical examination report, unless otherwise required by law or medical opinion.

The cost of the initial examination will be paid by the employee. The form indicating the employee is able to perform the duties, with or without reasonable accommodation, for which the employee was hired, must be returned prior to the performance of duties. The cost of bus driver renewal physicals will be paid by the school district. The school district will provide the standard examination form to be completed by Heartland Occupational Medicine. Failure to use our designated doctor, Heartland Occupational Medicine, will result in loss of reimbursement.

Employees whose physical or mental health, in the judgment of the administration, may be in doubt will submit to additional examinations to the extent job-related and consistent with business necessity, when requested to do so, at the expense of the school district.

The district will comply with occupational safety and health requirements as applicable to its employees in accordance with law.

COMMUNICABLE DISEASES - EMPLOYEES

Employees with a communicable disease will be allowed to perform their customary employment duties provided they are able to perform the essential functions of their position and their presence does not create a substantial risk of illness or transmission to students or other employees. The term "communicable disease" will mean an infectious or contagious disease spread from person to person, or animal to person, or as defined by law.

Prevention and control of communicable diseases is included in the school district's bloodborne pathogens exposure control plan. The procedures will include scope and application, definitions, exposure control, methods of compliance, universal precautions, vaccination, post-exposure evaluation, follow-up, communication of hazards to employees and record keeping. This plan is reviewed annually by the superintendent and school nurse.

The health risk to immunodepressed employees is determined by their personal physician. The health risk to others in the school district environment from the presence of an employee with a communicable disease is determined on a case-by-case basis by the employee's personal physician, a physician chosen by the school district or public health officials.

Health data of an employee is confidential and it will not be disclosed to third parties. Employee medical records are kept in a file separate from their personal file.

It is the responsibility of the superintendent, in conjunction with the school nurse, to develop administrative regulations stating the procedures for dealing with employees with a communicable disease.

HEPATITIS B VACCINE INFORMATION AND RECORD

The Disease

Hepatitis B is a viral infection caused by the Hepatitis B virus (HBV) which causes death in 1-2% of those infected. Most people with HBV recover completely, but approximately 5-10% become chronic carriers of the virus. Most of these people have no symptoms, but can continue to transmit the disease to others. Some may develop chronic active hepatitis and cirrhosis. HBV may be a causative factor in the development of liver cancer. Immunization against HBV can prevent acute hepatitis and its complications.

The Vaccine

The HBV vaccine is produced from yeast cells. It has been extensively tested for safety and effectiveness in large-scale clinical trials.

Approximately 90 percent of healthy people who receive two doses of the vaccine and a third dose as a booster achieve high levels of surface antibody (anti-HBs) and protection against the virus. The HBV vaccine is recommended for workers with potential for contact with blood or body fluids. Full immunization requires three doses of the vaccine over a six-month period, although some persons may not develop immunity even after three doses.

There is no evidence that the vaccine has ever caused Hepatitis B. However, persons who have been infected with HBV prior to receiving the vaccine may go on to develop clinical hepatitis in spite of immunization.

Dosage and Administration

The vaccine is given in three intramuscular doses in the deltoid muscle. Two initial doses are given one month apart and the third dose is given six months after the first.

Possible Vaccine Side Effects

The incidence of side effects is very low. No serious side effects have been reported with the vaccine. Ten to 20 percent of persons experience tenderness and redness at the site of injection and low-grade fever. Rash, nausea, joint pain, and mild fatigue have also been reported. The possibility exists that other side effects may be identified with more extensive use.

HEPATITIS B VACCINE INFORMATION AND RECORD

CONSENT OF HEPATITIS B VACCINATION

I have knowledge of Hepatitis B and the Hepatitis B vaccination. I have had an opportunity to ask questions of a qualified nurse or physician and understand the benefits and risks of Hepatitis B vaccination. I understand that I must have three doses of the vaccine to obtain immunity. However, as with all medical treatment, there is no guarantee that I will become immune or that I will not experience side effects from the vaccine. I give my consent to be vaccinated for Hepatitis B.

REFUSAL OF HEPATITIS B VACCINATION

I understand that due to my occupational exposure to blood or other potentially infectious materials I may be at risk of acquiring the Hepatitis B virus infection. I have been given the opportunity to be vaccinated with Hepatitis B vaccine at no charge to myself. However, I decline the Hepatitis B vaccination at this time. I understand that by declining this vaccine, I continue to be at risk of acquiring Hepatitis B, a serious disease. If in the future I continue to have occupational exposure to blood or other potentially infectious materials and I want to be vaccinated with the Hepatitis B vaccine, I can receive the vaccination series at no charge to me.

UNIVERSAL PRECAUTIONS REGULATION

Universal precautions (UP) are intended to prevent transmission of infection, as well as decrease the risk of exposure for employees and students. It is not currently possible to identify all infected individuals, thus precautions must be used with every individual. UP pertain to blood and other potentially infectious materials (OPIM) containing blood. These precautions do not apply to other body fluids and wastes (OBFW) such as saliva, sputum, feces, tears, nasal secretions, vomitus and urine unless blood is visible in the material. However, these OBFW can be sources of other infections and should be handled as if they are infectious. The single most important step in preventing exposure to and transmission of any infection is anticipating potential contact with infectious materials in routine as well as emergency situations. Based on the type of possible contact, employees and students should be prepared to use the appropriate precautions prior to the contact. Diligent and proper hand washing, the use of barriers, appropriate disposal of waste products and needles, and proper decontamination of spills are essential techniques of infection control. All individuals should respond to situations practicing UP followed by the activation of the school response team plan. Using common sense in the application of these measures will enhance protection of employees and students.

Hand Washing

Proper hand washing is crucial to preventing the spread of infection. Textured jewelry on the hands or wrists should be removed prior to washing and kept off until completion of the procedure and the hands are rewashed. Use of running water, lathering with soap and using friction to clean all hand surfaces is key. Rinse well with running water and dry hands with paper towels.

- Hands should be washed before physical contact with individuals and after contact is completed.
- Hands should be washed after contact with any used equipment.
- If hands (or other skin) come into contact with blood or body fluids, hands should be washed immediately before touching anything else.
- Hands should be washed whether gloves are worn or not and, if gloves are worn, after the gloves are removed.

Barriers

Barriers anticipated to be used at school include disposable gloves, absorbent materials and resuscitation devices. Their use is intended to reduce the risk of contact with blood and body fluids as well as to control the spread of infectious agents from individual to individual. Gloves should be worn when in contact with blood, OPIM or OBFW. Gloves should be removed without touching the outside and disposed of after each use.

UNIVERSAL PRECAUTIONS REGULATION

Disposal of Waste

Blood, OPIM, OBFW, used gloves, barriers and absorbent materials should be placed in a plastic bag and disposed of in the usual procedure. When the blood or OPIM is liquid, semi-liquid or caked with dried blood, it is not absorbed in materials, and is capable of releasing the substance if compressed, special disposal as regulated waste is required. A band-aid, towel, sanitary napkin or other absorbed waste that does not have the potential of releasing the waste if compressed would not be considered regulated waste. It is anticipated schools would only have regulated waste in the case of a severe incident. Needles, syringes and other sharp disposable objects should be placed in special puncture-proof containers and disposed of as regulated waste. Bodily wastes such as urine, vomitus or feces should be disposed of in the sanitary sewer system.

Clean up

Spills of blood and OPIM should be cleaned up immediately. The employee should:

- Wear gloves.
- Clean up the spill with paper towels or other absorbent material.
- Use a solution of one part household bleach to one hundred parts of water (1:100) or other EPA-approved disinfectant and use it to wash the area well.
- Dispose of gloves, soiled towels and other waste in a plastic bag.
- Clean and disinfect reusable supplies and equipment.

Laundry

Laundry with blood or OPIM should be handled as little as possible with a minimum of agitation. It should be bagged at the location. If it has the potential of releasing the substance when compacted, regulated waste guidelines should be followed. Employees who have contact with this laundry should wear protective barriers.

Exposure

An exposure to blood or OPIM through contact with broken skin, mucous membrane or by needle or sharp stick requires immediate washing, reporting and follow-up.

- Always wash the exposed area immediately with soap and water.
- If a mucous membrane splash (eye or mouth) or exposure of broken skin occurs, irrigate or wash the area thoroughly.
- If a cut or needle stick injury occurs, wash the area thoroughly with soap and water.

The exposure should be reported immediately, the parent or guardian is notified, and the person exposed contacts a physician for further health care.

HAZARDOUS CHEMICAL DISCLOSURE

The board authorizes the development of a comprehensive hazardous chemical communication program for the school district to disseminate information about hazardous chemicals in the workplace.

Each employee will annually review information about hazardous substances in the workplace. When a new employee is hired or transferred to a new position or work site, the information and training, if necessary, is included in the employee's orientation. When an additional hazardous substance enters the workplace, information about it is distributed to all employees, and training is conducted for the appropriate employees. The superintendent will maintain a file indicating which hazardous substances are present in the workplace and when training and information sessions take place.

Employees who will be instructing or otherwise working with students will disseminate information about the hazardous chemicals with which they will be working as part of the instructional program.

It is the responsibility of the superintendent to develop administrative regulations regarding this program.

EMPLOYEE COMPUTER/INTERNET USAGE

All of the district's automated systems, including electronic mail, voice mail, Internet access, and electronic storage systems, are district property and are not confidential. The district has the right to access, review, copy, modify, and delete any information transmitted through or stored in the system, including e-mail messages. Files containing personal information or business of an employee are treated no differently than the district's files, and the employee has no expectation of privacy in such materials.

COMPUTERS OWNED BY THE DISTRICT

- Only authorized employees, authorized students, or persons authorized by the administration may use the computer, as use by others puts district assets and records in jeopardy. Employees are not to allow unauthorized persons access to district computer equipment, whether by allowing use of the computer or by viewing the contents of the computer.
- Only software approved by the district shall be loaded on the computer.
- Passwords need to be kept in a discreet location.

E-MAIL USAGE

Use of e-mail to engage in any communication in violation of district policies, including transmission of defamatory, obscene, profane, offensive, or harassing messages, or messages that disclose personal information without authorization, is strictly prohibited.

Employees are asked to use caution in addressing messages to ensure that new messages are not inadvertently sent to the wrong party. This is critical because of the sensitive nature of the documents they often may be asked to e-mail. Always double check that the address being used is correct and current.

E-mail and other electronic communication systems can be useful tools, permitting rapid and efficient communication with a large audience. This same strength can be a weakness, as a hastily written note may be subject to misinterpretation in the future, when the context is not so clear. This is particularly true when your message is subject to being forwarded, rerouted, or saved by others. For this reason, when sending electronic messages, employees should keep the following test in mind: "Would I be concerned if I had to read this message out loud, under oath, as a witness in a courtroom proceeding?"

INTERNET USAGE

Internet resources may be used only for purposes that effectively support the District's goals and objectives for the non-business purposes that are approved by the administration. The district has the ability and reserves the right to review records of use of the World Wide Web.

The district will not be responsible for maintaining or payment of personal Internet accounts.

- Disclosure of confidential or sensitive data known or entrusted to the district to any unauthorized individuals.
- Misuse of copyrighted material or other copyright violations.
- Communicating in ways that disparage the products or services of other entities.

LICENSED EMPLOYEE CONTRACT RELEASE

Licensed employees who wish to be released from an executed contract must give at least twenty-one days notice to the superintendent. Licensed employees may be released at the discretion of the board. Only in unusual and extreme circumstances will the board release a licensed employee from a contract. LICENSED EMPLOYEE REDUCTION IN FORCE

The board has the exclusive authority to determine the appropriate number of licensed employees. A reduction of licensed employees may occur as a result of, but not be limited to, changes in the education program, staff realignment, changes in the size or nature of the student population, financial situation considerations, and other reasons deemed relevant by the board.

The reduction in licensed employees, other than administrators, will be done through normal attrition if possible. If normal attrition does not meet the necessary reduction in force required, the board may terminate licensed employees.

It is the responsibility of the superintendent to make a recommendation for termination to the board. The superintendent shall consider the following criteria in making the recommendations:

- Endorsements and educational preparation within the grade level and subject areas in which the employee is now performing;
- Relative skills, ability and demonstrated performance;
- Qualifications for co-curricular programs; and
- Number of continuous years of service to the school district. This will be considered only when the foregoing factors are relatively equal between licensed employees.

The school district offers an Early Retirement Plan for full-time licensed teachers. Full-time licensed teachers are licensed employees who are eligible for full insurance coverage under the requirements of the insurer and who are currently performing their assigned duties within the school district. A licensed employee is eligible to participate in the Early Retirement Plan under the following terms:

- A. The number of applications for the Early Retirement Plan will be limited to no more than five (5) for a given fiscal year, unless the Board chooses to allow more than five (5).
- B. The Early Retirement Plan will be available to a licensed employee who is fifty-five (55) years of age on or before June 30 of the year in which the licensed employee wishes to retire.
- C. The Early Retirement Plan will be available to those who have completed their most recent ten (10) consecutive years of service in the Red Oak Community School District.
- D. The employee shall submit an application for the plan on or before January 16 of the current school year, at the Board's discretion.
- E. The employee shall submit a written resignation resigning from the existing contract. The resignation may be contingent upon approval by the board of participation in the voluntary early retirement program.
- F. All applications for the Early Retirement Plan will be considered not later than the second regular Board meeting in January, and if more than the designated number allowed in Section A are received, the highest priority will be given to the teachers with the longest continuous teaching service in the District.
- G. An employee who meets the criteria in item "B", but who has not completed a minimum of ten (10) consecutive years of service to the school district may apply for a prorated early retirement amount. Approval of such application by the board will be based on the best interests of the school district, and if a prorated amount is approved, the amount will be based on completed consecutive years of service at the time of the application for the Early Retirement Plan.

LICENSED EMPLOYEE EARLY RETIREMENT

- I. Approval by the board of the licensed employee's early retirement application shall constitute a voluntary resignation. Approval by the board of the licensed employee's early retirement application will also make the licensed employee eligible for disbursement of the early retirement amount on January 20 of the school year following the licensed employee's approval for early retirement. Failure of the board to approve the licensed employee's early retirement application will make the licensed employee's current contract with the board continue in full force and effect.
- II. Voluntary Early Retirement Amount and Terms:
 - A. An employee who meets one of the eligibility requirements will be eligible for the early retirement amount of \$15,000, plus an amount equal to 25% of the employee's accumulated sick leave times the current daily substitute teacher pay rate. An employee whose contractual full-time equivalency (FTE) is less than 1.00 will be eligible for a prorated early retirement amount by multiplying the employee's FTE by the applicable amount above.
 - B. An employee agrees to participate in the "Special Pay Plan". This plan allows payment of the early retirement amount to be paid to a Tax Shelter Annuity of the employee's choice. This Tax Shelter Annuity must be with a company that participates in the State of Iowa Plan. If the employee is currently contributing to a Tax Shelter Annuity the payment will be made to the same company. The employee agrees not to close out this account before the January payment is made.
 - C. Upon retirement, the licensed employee is eligible to continue participation in the school district's group insurance plan at the licensed employee's expense by meeting the requirements of the insurer. The employee/retiree must pay the monthly premium amount in full to the board secretary prior to the due date of the school district's premium payment to the insurance carrier. This insurance coverage will cease when the licensed employee/retiree qualifies for Medicare coverage, secures other employment in which the employer provides insurance coverage, or dies. If dependent insurance coverage is carried, that coverage may continue at the dependent's expense beyond the employee's/retiree's qualification for Medicare coverage under COBRA provisions.

In the event of the death of the employee/retiree, the dependent of the employee/retiree may continue coverage in the school district's group health insurance program at his/her own expense under COBRA provisions, if the dependent was covered through the school district's group health insurance program prior to the death of the employee/retiree.
 - D. An employee who elects to participate in this program will become a retired employee and will be entitled to all rights and privileges of such a retiree under applicable laws and policies of the school district.
 - E. Beneficiary. In the event of the death of the employee prior to the early retirement amount being paid, payment will be as follows:
 1. Lump sum payment will be made to a designated beneficiary for the early retirement amount due to the employee on January 20 of the school year following the licensed employee's approval for early retirement.
 2. In the event no beneficiary is named, payment shall be made to the estate of the employee on January 20 following the licensed employee's approval for early retirement.

The board has complete discretion to offer or not to offer an Early Retirement Plan for licensed employees and will review this policy annually. The board may discontinue the school district's Early Retirement Plan at any time.

LICENSED EMPLOYEE FAMILY AND MEDICAL LEAVE NOTICE TO EMPLOYEES

**YOUR RIGHTS
UNDER THE
FAMILY AND MEDICAL LEAVE ACT OF 1993**

FMLA requires covered employers to provide up to 12 weeks of unpaid, job-protected leave to "eligible" employees for certain family and medical reasons. Employees are eligible if they

have worked for a covered employer for at least one year, and for 1,250 hours over the previous 12 months, and if there are at least 50 employees within 75 miles.

REASONS FOR TAKING LEAVE:

Unpaid leave must be granted for *any* of the following reasons:

- to care for the employee's child after birth, or placement for adoption or foster care;
- to care for the employee's spouse, son or daughter, or parent, who has a serious health condition; or
- for a serious health condition that makes the employee unable to perform the employee's job.

At the employee's or employer's option, certain kinds of *paid* leave may be substituted for unpaid leave.

ADVANCE NOTICE AND MEDICAL CERTIFICATION:

The employee may be required to provide advance leave notice and medical certification. Taking of leave may be denied if requirements are not met.

- The employee ordinarily must provide 30 days advance notice when the leave is "foreseeable."
- An employer may require medical certification to support a request for leave because of a serious health condition, and may require second or third opinions (at the employer's expense) and fitness for duty report to return to work.

JOB BENEFITS AND PROTECTION:

- For the duration of FMLA leave, the employer must maintain the employee's health coverage under any "group health plan."
- Upon return from FMLA leave, most employees must be restored to their original or equivalent positions with equivalent pay, benefits, and other employment terms.

- The use of FMLA leave cannot result in the loss of any employment benefit that accrued prior to the start of an employee's leave.

UNLAWFUL ACTS BY EMPLOYERS:

FMLA makes it unlawful for any employer to:

- interfere with, restrain, or deny the exercise of any right provided under FMLA;
- discharge or discriminate against any person for opposing any practice made unlawful by FMLA or for involvement in any proceeding under or relating to FMLA.

ENFORCEMENT:

- The U.S. Department of Labor is authorized to investigate and resolve complaints of violation.
- An eligible employee may bring a civil action against an employer for violations.

FMLA does not affect any Federal or State law prohibiting discrimination, or supersede any State or local law collective bargaining agreement which provides greater family or medical leave rights.

 - Inpatient care (i.e. an overnight stay) in a hospital, hospice or residential medical care facility including any period of incapacity (for purposes of this section, defined to mean inability to work, attend school or perform other regular daily activities due to the serious health condition, treatment for or recovery from), or any subsequent treatment in connection with such inpatient care; or
 - Continuing treatment by a health care provider. A serious health condition involving continuing treatment by a health care provider includes:
 - A period of incapacity (i.e., inability to work, attend school or perform other regular daily activities due to the serious health condition, treatment for or recovery from) of more than three consecutive calendar days, including any subsequent treatment or period of incapacity relating to the same condition, that also involves:
 - Treatment two or more times by a health care provider, by a nurse or physician's assistant under direct supervision of a health care provider, or by a provider of health care services (e.g., physical therapist) under orders or, or on referral by, a health care provider; or
 - Treatment by a health care provider on at least one occasion which results in a regimen of continuing treatment under the supervision of the health care provider.
 - Any period of incapacity due to pregnancy or for prenatal care.
 - Any period of incapacity or treatment for such incapacity due to a chronic serious health condition. A chronic serious health condition is one which:
 - Requires periodic visits for treatment by a health care provider or by a nurse or physician's assistant under direct supervision of a health care provider;
 - Continues over an extended period of time (including recurring episodes of a single underlying condition); and
 - May cause episodic rather than a continuing period of incapacity (e.g., asthma, diabetes, epilepsy, etc.).

LICENSED EMPLOYEE FAMILY AND MEDICAL LEAVE DEFINITIONS

- A period of incapacity which is permanent or long-term due to a condition for which treatment may not be effective. The employee or family member must be under the continuing supervision of, but need not be receiving active treatment by, a health care provider. Examples include Alzheimer's a severe stroke or the terminal stages of a disease.
- Any period of absence to receive multiple treatments (including any period of recovery from) by a health care provider or by a provider of health care services under orders of, or on referral by, a health care provider, either for restorative surgery after an accident or other injury, or for a condition that would likely result in a period of incapacity of more than three consecutive calendar days in the absence of medical intervention or treatment, such as cancer (chemotherapy, radiation, etc.), severe arthritis (physical therapy), kidney disease (dialysis).
- Treatment for purposes of this definition includes, but is not limited to, examinations to determine if a serious health condition exists and evaluation of the condition. Treatment does not include routine physical examinations, eye examinations or dental examinations. Under this definition, a regimen of continuing treatment includes, for example, a course of prescription medication (e.g., an antibiotic) or therapy requiring special equipment to resolve or alleviate the health condition (e.g., oxygen). A regimen of continuing treatment that includes the taking of over-the-counter medications such as aspirin, antihistamines, or salves; or bed rest, drinking fluids, exercise and other similar activities that can be initiated without a visit to a health care provider, is not, by itself, sufficient to constitute a regimen of continuing treatment for purposes of FMLA leave.
- Conditions for which cosmetic treatments are administered (such as most treatments for acne or plastic surgery) are not "serious health conditions" unless inpatient hospital care is required or unless complications develop. Ordinarily, unless complications arise, the common cold, the flu, ear aches, upset stomach, ulcers, headaches other than migraine, routine dental or orthodontia problems, periodontal disease, etc., are examples of conditions that do not meet the definition of a serious health condition and do not qualify for FMLA leave. Restorative dental or plastic surgery after an injury or removal of cancerous growths are serious health conditions provided all the other conditions of this regulation are met. Mental illness resulting from stress or allergies may be serious health conditions, but only if all the conditions of this section are met.
- Substance abuse may be a serious health condition if the conditions of this section are met. However, FMLA leave may only be taken for treatment for substance abuse by a health care provider or by a provider of health care on referral by a health care provider. On the other hand, absence because of the employee's use of the substance, rather than for treatment, does not qualify for FMLA leave.
- Absence attributable to incapacity under this definition qualify for FMLA leave even though the employee or the immediate family member does not receive treatment from a health care provider during the absence, and even if the absence does not last more than three days. For example, an employee with asthma may be unable to report for work due to the onset of an asthma attack or because the employee's health care provider has advised the employee to stay home when the pollen count exceeds a certain level. An employee who is pregnant may be unable to report to work because of severe morning sickness.

Son or daughter-a biological child, adopted child, foster child, stepchild, legal ward, or a child of a person standing in loco parentis. The child must be under age 18 or, if over 18, incapable of self-care because of a mental or physical disability.

Spouse-a husband or wife recognized by Iowa law including common law marriages.

An extension of this leave may be granted in the discretion of the superintendent.

The board will allow licensed employees to be excused for jury duty unless extraordinary circumstances exist. The superintendent has the discretion to determine when extraordinary circumstances exist.

Employees who are called for jury service will notify the direct supervisor within twenty-four hours after notice of call to jury duty and suitable proof of jury service pay must be presented to the school district. The employee will report to work within one hour on any day when the employee is excused from jury duty during regular working hours.

Licensed employees will receive their regular salary. Any payment for jury duty over and above expenses will be paid to the school district.

Note: This policy reflects the practice that the employee sign over checks received for jury duty to the school district. School districts which let employees keep their checks but then deduct the amount from the employee's salary, should reflect that practice in the third paragraph.

LICENSED EMPLOYEE UNPAID LEAVE

Unpaid leave may be used to excuse an involuntary absence not provided for in other leave policies of the board. Unpaid leave for licensed employees must be authorized by the superintendent.

The superintendent will have complete discretion to grant or deny the requested unpaid leave. In making this determination, the superintendent will consider the effect of the employee's absence on the education program and school district operations, length of service, previous record of absence, the financial condition of the school district, the reason for the requested absence and other factors the superintendent believes are relevant to making this determination.

If unpaid leave is granted, the duration of the leave period will be coordinated with the scheduling of the education program whenever possible to minimize the disruption of the education program and school district operations.

Whenever possible, licensed employees will make a written request for unpaid leave 2 days prior to the beginning date of the requested leave except in cases of emergency. If the leave is granted, the deductions in salary are made unless they are waived specifically by the superintendent.

SUPPORT STAFF EMPLOYEE FAMILY AND MEDICAL LEAVE

Unpaid family and medical leave will be granted up to twelve (12) weeks per year to assist employees in balancing family and work life. For purposes of this policy, year is defined as a rolling 12-month period measured backward from the date an employee uses any FMLA leave. Requests for family and medical leave shall be made to the superintendent or to the superintendent's designee.

All District employees eligible under the terms of FMLA may take up to twelve (12) weeks of unpaid leave per year in accordance with the provisions of the Act. SUPPORT STAFF EMPLOYEE FAMILY AND MEDICAL LEAVE NOTICE TO EMPLOYEES

**YOUR RIGHTS
UNDER THE
FAMILY AND MEDICAL LEAVE ACT OF 1993**

FMLA requires covered employers to provide up to 12 weeks of unpaid, job-protected leave to "eligible" employees for certain family and medical reasons. Employees are eligible if they

have worked for a covered employer for at least one year, and for 1,250 hours over the previous 12 months, and if there are at least 50 employees within 75 miles.

REASONS FOR TAKING LEAVE:

Unpaid leave must be granted for *any* of the following reasons:

- to care for the employee's child after birth, or placement for adoption or foster care;
- to care for the employee's spouse, son or daughter, or parent, who has a serious health condition; or
- for a serious health condition that makes the employee unable to perform the employee's job.

At the employee's or employer's option, certain kinds of *paid* leave may be substituted for unpaid leave.

ADVANCE NOTICE AND MEDICAL CERTIFICATION:

The employee may be required to provide advance leave notice and medical certification. Taking of leave may be denied if requirements are not met.

- The employee ordinarily must provide 30 days advance notice when the leave is "foreseeable."
- An employer may require medical certification to support a request for leave because of a serious health condition, and may require second or third opinions (at the employer's expense) and fitness for duty report to return to work.

JOB BENEFITS AND PROTECTION:

- For the duration of FMLA leave, the employer must maintain the employee's health coverage under any "group health plan."
- Upon return from FMLA leave, most employees must be restored to their original

or equivalent positions with equivalent pay, benefits, and other employment terms.

- The use of FMLA leave cannot result in the loss of any employment benefit that accrued prior to the start of an employee's leave.

UNLAWFUL ACTS BY EMPLOYERS:

FMLA makes it unlawful for any employer to:

- interfere with, restrain, or deny the exercise of any right provided under FMLA;
- discharge or discriminate against any person for opposing any practice made unlawful by FMLA or for involvement in any proceeding under or relating to FMLA.

ENFORCEMENT:

- The U.S. Department of Labor is authorized to investigate and resolve complaints of violation.
- An eligible employee may bring a civil action against an employer for violations.

FMLA does not affect any Federal or State law prohibiting discrimination, or supersede any State or local law collective bargaining agreement which provides greater family or medical leave rights.

The second health care provider cannot, however, be employed by the school district on a regular basis.
 - (3) If the second health care provider disagrees with the first health care provider, then the school district may require a third health care provider to certify the serious health condition. This health care provider must be mutually agreed upon by the employee and the school district and paid for by the school district. This certification or lack of certification is binding upon both the employee and the school district.
 - c. Medical certification will be required fifteen days after family and medical leave begins unless it is impracticable to do so. The school district may request recertification every thirty days. Recertification must be submitted within fifteen days of the school district's request.

 - b. If the employee begins family and medical leave for a purpose other than the employee's own serious health condition during the last five weeks of a semester, the school district may require that the leave be continued until the end of the semester if the leave will last more than two weeks and the employee would return to work during the last two weeks of the semester.
 - c. If the employee begins family and medical leave for a purpose other than the employee's own serious health condition during the last three weeks of the semester and the leave will last more than five working days, the school district may require the employee to continue taking leave until the end of the semester.

SUPPORT STAFF EMPLOYEE FAMILY AND MEDICAL LEAVE REGULATION

4. The entire period of leave taken under the special rules is credited as family and medical leave. The school district will continue to fulfill the school district's family and medical leave responsibilities and obligations, including the obligation to continue the employee's health insurance and other benefits, if an instructional employee's family and medical leave entitlement ends before the involuntary leave period expires.

Medically Necessary-certification for medical necessity is the same as certification for serious health condition.

SUPPORT STAFF EMPLOYEE FAMILY AND MEDICAL LEAVE DEFINITIONS

"Needed to Care For"-the medical certification that an employee is "needed to care for" a family member encompasses both physical and psychological care. For example, where, because of a serious health condition, the family member is unable to care for his or her own basic medical, hygienic or nutritional needs or safety or is unable to transport himself or herself to medical treatment. It also includes situations where the employee may be needed to fill in for others who are caring for the family member or to make arrangements for changes in care.

Parent-a biological parent or an individual who stands in loco parentis to a child or stood in loco parentis to an employee when the employee was a child. Parent does not include parent-in-law.

Physical or mental disability-a physical or mental impairment that substantially limits one or more of the major life activities of an individual.

Reduced leave schedule-a leave schedule that reduces the usual number of hours per workweek, or hours per workday, of an employee.

Serious health condition

- An illness, injury, impairment, or physical or mental condition that involves:
 - Inpatient care (i.e. an overnight stay) in a hospital, hospice or residential medical care facility including any period of incapacity
(for purposes of this section, defined to mean inability to work, attend school or perform other regular daily activities due to the serious health condition, treatment for or recovery from), or any subsequent treatment in connection with such inpatient care; or
 - Continuing treatment by a health care provider. A serious health condition involving continuing treatment by a health care provider includes:
 - A period of incapacity (i.e., inability to work, attend school or perform other regular daily activities due to the serious health condition, treatment for or recovery from) of more than three consecutive calendar days, including any subsequent treatment or period of incapacity relating to the same condition, that also involves:
 - Treatment two or more times by a health care provider, by a nurse or physician's assistant under direct supervision of a health care provider, or by a provider of health care services (e.g., physical therapist) under orders or, or on referral by, a health care provider; or
 - Treatment by a health care provider on at least one occasion which results in a regimen of continuing treatment under the supervision of the health care provider.
 - Any period of incapacity due to pregnancy or for prenatal care.
 - Any period of incapacity or treatment for such incapacity due to a chronic serious health condition. A chronic serious health condition is one which:
 - Requires periodic visits for treatment by a health care provider or by a nurse or physician's assistant under direct supervision of a health care provider;
 - Continues over an extended period of time (including recurring episodes of a single underlying condition); and
 - May cause episodic rather than a continuing period of incapacity (e.g., asthma, diabetes, epilepsy, etc.).

SUPPORT STAFF EMPLOYEE FAMILY AND MEDICAL LEAVE DEFINITIONS

- A period of incapacity which is permanent or long-term due to a condition for which treatment may not be effective. The employee or family member must be under the continuing supervision of, but need not be receiving active treatment by, a health care provider. Examples include Alzheimer's a severe stroke or the terminal stages of a disease.
- Any period of absence to receive multiple treatments (including any period of recovery from) by a health care provider or by a provider of health care services under orders of, or on referral by, a health care provider, either for restorative surgery after an accident or other injury, or for a condition that would likely result in a period of incapacity of more than three consecutive calendar days in the absence of medical intervention or treatment, such as cancer (chemotherapy, radiation, etc.), severe arthritis (physical therapy), kidney disease (dialysis).
- Treatment for purposes of this definition includes, but is not limited to, examinations to determine if a serious health condition exists and evaluation of the condition. Treatment does not include routine physical examinations, eye examinations or dental examinations. Under this definition, a regimen of continuing treatment includes, for example, a course of prescription medication (e.g., an antibiotic) or therapy requiring special equipment to resolve or alleviate the health condition (e.g., oxygen). A regimen of continuing treatment that includes the taking of over-the-counter medications such as aspirin, antihistamines, or salves; or bed rest, drinking fluids, exercise and other similar activities that can be initiated without a visit to a health care provider, is not, by itself, sufficient to constitute a regimen of continuing treatment for purposes of FMLA leave.
- Conditions for which cosmetic treatments are administered (such as most treatments for acne or plastic surgery) are not "serious health conditions" unless inpatient hospital care is required or unless complications develop. Ordinarily, unless complications arise, the common cold, the flu, ear aches, upset stomach, ulcers, headaches other than migraine, routine dental or orthodontia problems, periodontal disease, etc., are examples of conditions that do not meet the definition of a serious health condition and do not qualify for FMLA leave. Restorative dental or plastic surgery after an injury or removal of cancerous growths are serious health conditions provided all the other conditions of this regulation are met. Mental illness resulting from stress or allergies may be serious health conditions, but only if all the conditions of this section are met.
- Substance abuse may be a serious health condition if the conditions of this section are met. However, FMLA leave may only be taken for treatment for substance abuse by a health care provider or by a provider of health care on referral by a health care provider. On the other hand, absence because of the employee's use of the substance, rather than for treatment, does not qualify for FMLA leave.
- Absence attributable to incapacity under this definition qualify for FMLA leave even though the employee or the immediate family member does not receive treatment from a health care provider during the absence, and even if the absence does not last more than three days. For example, an employee with asthma may be unable to report for work due to the onset of an asthma attack or because the employee's health care provider has advised the employee to stay home when the pollen count exceeds a certain level. An employee who is pregnant may be unable to report to work because of severe morning sickness.

Son or daughter-a biological child, adopted child, foster child, stepchild, legal ward, or a child of a person standing in loco parentis. The child must be under age 18 or, if over 18, incapable of self-care because of a mental or physical disability.

Spouse-a husband or wife recognized by Iowa law including common law marriages.

SUPPORT STAFF EMPLOYEE UNPAID LEAVE

Unpaid leave may be used to excuse an involuntary absence not provided for in other leave policies. Employees may be granted unpaid leaves of absence upon written request and upon approval of the superintendent or the superintendent's designee. The employee shall make application for such authorization at least five (5) work days in advance except in cases of emergency, in which case authorization must be requested as soon as possible and in no event more than five (5) work days after the absence. If the leave is granted, the deductions in salary are made unless they are waived specifically by the superintendent.

The superintendent will have complete discretion to grant or deny the requested unpaid leave. In making this determination, the superintendent will consider the effect of the employee's absence on the education program and school district operations, the financial condition of the school district, length of service, previous record of absence, the reason for the requested absence and other factors the superintendent believes are relevant in making this determination.

If unpaid leave is granted, the duration of the leave period is coordinated with the scheduling of the education program whenever possible, to minimize the disruption of the education program and school district operations.
