4.1 Good News from Red Oak Schools

★ Celebration of One Book – One School

This evening Inman School Principal Gayle Allensworth is present with Instructor Connie Dentlinger to share with the Directors the purpose of the recent activity called One Book — One School and to review its success. Congratulations are extended to Connie, Gayle, and all staff who contributed to this successful activity.

★ Celebration of Washington University Presents "President's Day"

On Monday, February 18 the staff and students at Washington Intermediate completed a successful school/home partnership activity to celebrate President's Day and engage more learning activities which access technology, which engage students/parents, and which draw a closer partnership with the school. Congratulations are extended to Principal Sims, staff, and students for this unique learning time.

4.2 Visitors and Presentations

★ Blue Zones Community Project: Becoming a Certified Blue Zones School District and Consideration of a Support Resolution – Blue Zones School Team: Angie Britten, Blue Zones Initiative Organizer; Barbara Sims, Jeanne Redel, and Terry Schmidt

This evening the Red Oak CSD Blue Zones Team would like to share a resolution for consideration by the Directors that would commit the Directors to this initiative as all district schools seek to gain Blue Zones Certification. The proposed resolution will be distributed during this agenda time.

4.3 Affirmations and Commendations

At various times it is important to recognize those who have gone "above and beyond" to assist, help, honor, or to facilitate success for learners. When these events take place it is appropriate to bring attention to the governing body.

4.4 Correspondence

Any correspondence received and important to the governing body is shared.

Red Oak Community School District Board of Directors Resolution

For

The Support of Actions Aligned With Achieving Blue Zones School™ Certification

Blue Zones Project™ to Improve Well-Being and Economic Vitality

WHEREAS, Red Oak, Iowa was selected in October, 2012 to become a Blue Zones Project™ Demonstration Site; and

WHEREAS, it is the public schools responsibility to provide an environment where children are best positioned to learn; and

WHEREAS, children who have greater well-being learn better; and

WHEREAS, the Red Oak Community School District has a strong stakeholder group in place to assist schools in achieving certification; and

WHEREAS, the Red Oak Community School District adopted a Wellness Policy in 2009 that encompasses many of the policies and programs to meet the certification criteria; and

WHEREAS, the Red Oak Community School District will utilize a District Wellness Committee for leadership, input, adoption and implementation of Blue Zones® policies and programs at specified school buildings.

NOW, THEREFORE, BE IT RESOLVED THAT the Red Oak Community School District Board of Directors will seek to improve the well-being of our staff, students and families by supporting the efforts of our District Wellness Committee in ensuring that all of our schools achieve certification as a Blue Zones School™ by July 1, 2014, contributing to the improved well-being, productivity and economic vitality of our community.

Through the appropriate processes determined by the District Wellness Committee which will include students, parents, school staff, and school administration, the Red Oak Community School District will formally consider adoption of the following policies and programs as selected through community feedback to achieve certification as a Blue Zones School™.

POLICIES

- A health and wellness council
- A tobacco free campus

- Unhealthy foods are not used for fundraising at the elementary and middle school level
- Vending machine access is limited during the day
- All snacks meet Blue Zones Guidelines for Healthy Foods and Beverages for Schools including vending, ala carte lines, snack lines, snack carts, etc. at the elementary and middle school level
- Redesign school lunchroom to nudge students into choosing healthier foods
- Unhealthy food and beverage advertisements are not present on school grounds
- Updated cafeteria equipment to support provision of healthier foods
- Birthdays/other celebrations that involve food are only celebrated once a month
- Consuming food and beverages in classrooms and hallways is limited to water, milk, and healthy fruit/vegetables snacks at the Inman Primary School and Washington Intermediate School
- Physical activity is integrated into daily lesson plans outside of physical education class
- Nutrition education is incorporated into the curriculum
- Students are physically active during the majority of physical education class
- Inman Primary School and Washington Intermediate meet the requirement of 150 minutes per week of physical activity
- Require 20 minutes of recess daily for Inman Primary School and Washington Intermediate
- Offer a recess period before lunch at Inman Primary School and Washington Intermediate School

PROGRAMS

- Implement a Walking School Bus
- Plant and maintain a school garden
- Establish a Healthy Snack Cart Program at the Inman Primary School and Washington Intermediate School
- Establish a program to help students interact with and respect older adults (such as the Legacy Project found at bluezones.com for grades four through eight).
- A program is used to train teachers and school leaders on teaching mindfulness skills to students (Example: MindUP™)
- Blue Zones Challenge curriculum will be used in 4th through 8th grades

Passed and approved on Monday, February	25, 2013.

Attest:			
Secretary Pro Tem, Board of Directors			

BACKGROUND INFORMATION: The following items are presented for approval in one formal motion. Should any director have a question or would like for an item to be placed on the regular discussion agenda, please notify Board Secretary Shirley Maxwell in advance of the meeting.

Enclosed are reference pages for:

5.1 Review and Approval of the Minutes from February 11, 2013

The minutes are enclosed for your review. Unless there are suggested changes, they are submitted for approval.

5.2 Review and Approval of the Monthly Business Reports

Numerous payment vouchers are ready for approval. There could be some last minute bills for payment placed at the table prior to the meeting. Accounting Clerk Jeanice Lester is available to answer any questions concerning the expenditures.

5.3 Education Services Agreement

Enclosed is an agreement with the Boys' & Girls' Home School, Sioux City Community School District to provide regular education services for a student from Red Oak CSD. You are encouraged to approve this agreement.

5.4 Personnel Considerations – Recommendations for Employment, Acceptance of Resignation Letters

Several weeks ago, the district employed Mrs. Marci Bishop as a long-term substitute paraeducator for the Inman Primary School. Due to changing needs with special education students, Mrs. Bishop is needed on a permanent basis. Her recommendation should have been made at a recent board meeting but was inadvertently missed.

From Principal Gayle Allensworth:

Mrs. Marci Bishop as Para-professional for Inman Primary School: Mrs. Bishop will work primarily with the level II special education classroom and offer behavioral and safety supervision through 1:1 services for a student. Mrs. Bishop has served as a long term substitute for the last eight weeks for a student from out of district who is IEP placed.

Marci Bishop should be contracted for 7.5 hours at the rate of \$ 9.10 effective January 14, 2013.

5.5 Board Policy Revisions and Final Approval

Enclosed are Board Policies Code 602.1 Curriculum Development, Code 602.2 Curriculum Implementation, and Code 602.3 Curriculum Evaluation. Each is ready for final approval by the Directors this evening. These policies reflect the more direct line of responsibility for the superintendent with curriculum and instruction.

5.6 Board Commitment: Budget Adjustment Authorization for FY 14

School Business Manager Shirley Maxwell annually presents a suggested board motion that would allow the district to adjust its budget should material differences take place because of Iowa Legislative action after the school budget is approved. The likelihood of needing to access a budget adjustment is remote, but authorization from the Directors in advance is always a wise strategy. The Iowa Code 257.14 states: The board of directors of a school district that wishes to receive a budget adjustment pursuant to this subsection shall adopt a resolution to receive the budget adjustment by May 15, annually, and shall notify the department of management of the adoption of the resolution and the amount of the budget adjustment to be received.

The suggested motion would be: It is recommended the Directors will levy property tax for fiscal year '14 for the regular program budget adjustment as allowed under section 257.14, Code of Iowa.

SUGGESTED BOARD ACTION: It is recommended the board of directors approve the following consent agenda items:

- Minutes from February 11, 2013
- Monthly business reports as presented
- An Education Services Agreement with Sioux City Community School District
- The employment contract for Mrs. Marci Bishop as Paraprofessional
- Final approval of board polices Code 602.1, Code 602.2 and Code 602.3.
- Motion authorizing the required tax levy in FY '14 to fund any budget adjustment as authorized by the Iowa Legislature for Red Oak CSD.

Red Oak Community School District Regular Meeting of the Board of Directors

Meeting Location: Sue Wagaman Board Room, Red Oak CSD Administrative Center Red Oak Technology Center-Red Oak High School Campus Monday, February 11, 2013

This regular meeting of the Board of Directors of the Red Oak Community School District was called to order by President Lee Fellers at 6:00 p.m.

PRESENT:

Directors: Lee Fellers, Warren Hayes, Paul Griffen, Bill Drey, Kathy Walker

Terry Schmidt, Superintendent, & Shirley Maxwell, Board Secretary

APPROVAL OF AGENDA

Motion by Director Drey with a second by Director Griffen to approve the agenda as presented with the order of agenda items at the discretion of the chairman. The motion carried unanimously.

GOOD NEWS

The Directors welcomed Samantha Dilocker, grade eight, and her mother, Amy Dilocker. Samantha was recently named the Prudential Spirit of Community Award Winner — one of only two in Iowa. The work honored by Samantha was the origination and organization of an annual auction to benefit numerous charitable groups through the Red Oak Elks Lodge. The effort has raised in excess of \$14,000 over a six year period. The Directors honored Samantha with a certificate of recognition. ROHS Speech Coach Laura Horn was recognized for leading a group of twenty-two high school performers through successful competitions at the State of Iowa Large Group Speech Contest. The last guest presenter was Angie Britten, the Red Oak Blue Zones Initiative Organizer. She provided a brief overview of the project and outlined the needed commitment from the Board of Directors in order to accomplish Blue Zones Certification for all Red Oak Schools.

CONSENT AGENDA

Director Drey moved with a second by Director Griffen to approve the consent agenda as presented.

- Approval of minutes from January 28, 2013
- Approval of monthly business reports as presented
- Approval of employment contracts for Jenifre Wilcoxson and Jessie Bruning as paraprofessionals for the remainder of the 2012-2013 school year
- Approval of an education services agreement with the Clarinda Community School District

The motion carried unanimously.

FACILITY STUDY CONTRACT

Director Griffen moved with a second by Director Drey to approve a facilities study contract with Estes Construction and BLDD Design Group for the Phase 1 Assessment on seven buildings for Red Oak Community School District. The total cost of Phase 1 of the project will be \$29,000. The motion carried unanimously.

6

STRATEGIST SUPPORT PROGRAM

Director Drey moved with a second by Director Walker to authorize the recruitment and placement of an Autism Spectrum Disorder Strategist Program for the 2013-2014 school year. The motion carried unanimously.

REAL CHARACTER PROGRAM

Director Drey moved with a second by Director Hayes to approve the program entitled *Real Character* for the Red Oak High School student body, prior to the close of the current school year. The Directors requested they receive evaluative feedback after the program is completed. The motion carried unanimously.

POLICY REVISIONS & RECOMMENDATIONS

Director Walker moved with a second by Director Drey to approve the amendments added to board policies: 602.1 Curriculum Development, 602.2 Curriculum Implementation, 602.3 Curriculum Evaluation. The motion carried unanimously.

PERSONNEL CONSIDERATIONS

Director Walker moved with a second by Director Drey to approve the resignation of Paul Penry from his custodial position effective April 12, 2013. The motion carried unanimously.

Director Hayes moved with a second by Director Drey to approve the resignation and early retirement request from Barb Kelly at the end of the 2012-2013 school year. The motion carried unanimously.

ADJOURNMENT

Director Drey moved with a second by Director Walker to adjourn the meeting at 8:39 p.m. The next regular board meeting will be held on Monday, February 25, 2013 at 6:00 p.m. in the Sue Wagaman Board Room, Administrative Center, Technology Building. The motion carried unanimously.

Contracted Service for Regular Education

The following student, a resident of your school district, is currently residing at Boys and Girls Home and being provided educational services by the Sioux City Community School District. In keeping with Senate File 2320- Section 10, as passed by the Seventy-fourth General Assembly, the responsibility for payment of educational services now belongs to the students resident district. "The board of directors of each district of resident shall pay to the school district in which is located such psychiatric unit or institution, for the provision of educational services to the child, a portion of the district of residence's district cost per pupil for each of such children based upon the proportion that the time each child is provided educational services while in such unit or institution is to the total time for which the child is provided educational services during the normal school year."

These services shall be provided at the Boys and Girls Home School.

The Boys and Girls Home School shall provide instructional services and programs for the students referred in accordance with the state of Iowa Department of Education Rules and Regulations and in accordance with state laws governing such service and the delivery thereof.

The Sioux City Community School District will send an invoice for the cost of services.

This contract is for the regulation school year.

Remittance should be sent to:	Sioux City Community School District

CURRICULUM DEVELOPMENT

Curriculum development is an ongoing process in the school district and consists of both research and design. Research is the studious inquiry and critical investigation of the various content areas for the purpose of revising and improving curriculum and instruction based on relevant information pertaining to the discipline. This study is conducted both internally (what and how we are currently doing at the local level) and externally (what national core curriculum, national standards, professional organizations, recognized experts, current research, etc. tell us relative to the content area). Design is the deliberate process of planning and selecting the standards and instructional strategies that will improve the learning experiences for all students.

A systematic approach to curriculum development (careful research, design, and articulation of the curriculum) serves several purposes:

- Focuses attention on the content standards of each discipline and ensure the identified learnings are rigorous, challenging, and represent the most important learning for our students.
- Increases the probability that students will acquire the desired knowledge, skills and dispositions and that our schools will be successful in providing appropriate learning experiences.
- Facilitates communication and coordination.
- Improves classroom instruction.

The Director of Curriculum & Instruction through the Red Oak Curriculum Council with involvement by the Superintendent is responsible for curriculum development and for determining the most effective method of conducting research and design activities. A curriculum framework will describe the processes and procedures that will be followed in researching, designing, and articulating each curriculum area. This framework will at a minimum, describe the processes and procedures for the following curriculum development activities to:

- Study the latest thinking, trends research and expert advice regarding the content/discipline;
- Study the current status of the content/discipline (what and how well students are currently learning);
- Identify content standards, benchmarks, and grade level expectations for the content/discipline;
- Describe the desired learning behaviors, teaching and learning environment related to the content/discipline;
- Identify differences in the desired and present program and develop a plan for addressing the differences:
- Communicate with internal and external publics regarding the content area;
- Involve staff, parents, students, and community members in curriculum development decisions;
- Verify integration of local, state, and/or federal mandates (MCNS, school-to-work, etc);
- Verify how the standards and benchmarks of the content/discipline support each of the broader student learning goals and provide a K-12 continuum that builds on the prior learning of each level.

CURRICULUM DEVELOPMENT

It is the responsibility of the Director of Curriculum & Instruction to communicate in a timely manner with the Superintendent concerning the work of the Red Oak Curriculum Council. It is the responsibility of the Superintendent to keep the board apprised of necessary curriculum revisions, progress or each content area related to curriculum development activities, and to develop administrative regulations for curriculum development including recommendations to the board.

CURRICULUM IMPLEMENTATION

Without careful and continuing attention to implementation, planned changes in curriculum and instruction rarely succeed as intended. How change is put into practice, to a large extent, determines how well it fares,

Implementation refers to what actually happens in practice as compared to what was supposed to happen. Curriculum implementation includes the provision of organized assistance to staff in order to ensure that the newly developed curriculum and the most powerful instructional strategies are actually delivered at the classroom level. There are two components of any implementation effort that must be present to guarantee the planned changes in curriculum and instruction succeed as intended:

- Understanding the conceptual framework of the content/discipline being implemented; and,
- Organized assistance to understand the theory, observe exemplary demonstrations, have
 opportunities to practice, and receive coaching and feedback focused on the most powerful
 instructional strategies to deliver the content at the classroom level.

The Superintendent of Schools working with the Director of Curriculum & Instruction and School Principals is responsible for curriculum implementation and for determining the most effective way of providing organized assistance and monitoring the level of implementation. A curriculum framework will describe the processes and procedures that will be followed to assist all staff in developing the knowledge and skills necessary to successfully implement the developed curriculum in each content area. This framework will, at a minimum, describe the processes and procedures for the following curriculum implementation activities to:

- Study and identify the best instructional practices and materials to deliver the content;
- Describe procedures for the purchase of instructional materials and resources;
- Identify/develop exemplars that demonstrate the learning behaviors, teaching, and learning environment to deliver the content;
- Study the current status of instruction in the content area (how teachers are teaching);
- Compare the desired and present delivery system, identify differences (gap analysis), and develop a plan for addressing the differences;
- Organize staff into collaborative study teams to support their learning and implementation efforts (address the gaps);
- Provide ongoing professional development related to instructional strategies and materials that focuses on theory, demonstration, practice and feedback;
- Regularly monitor and assess the level of implementation;
- Communicate with internal and external publics regarding curriculum implementation;
- Involve staff, parents, students, and community members in curriculum implementation decisions.

It is the responsibility of the superintendent to keep the board apprised of curriculum implementation activities, progress of each content area related to curriculum implementation activities, and to develop administrative regulations for curriculum implementation including recommendations to the board.

CURRICULUM EVALUATION

Regular evaluation of the total curriculum is necessary to ensure that the written and delivered curriculum is having the desired effect for students.

Curriculum evaluation refers to an ongoing process of collecting, analyzing, synthesizing, and interpreting information to aid in understanding what students know and can do. It refers to the full range of information gathered in the school district to evaluate (make judgments about) student learning and program effectiveness in each content area.

Curriculum evaluation must be based on information gathered from a comprehensive assessment system that is designed for accountability and committed to the concept that all students will achieve at high levels, is standards-based, and informs decisions which impact significant and sustainable improvements in teaching and student learning.

The superintendent is responsible for curriculum evaluation and for determining the most effective way of ensuring that assessment activities are integrated into instructional practices as part of school improvement with a particular focus on improving teaching and learning. A curriculum framework will describe the procedures that will be followed to establish an evaluation process that can efficiently and effectively evaluate the total curriculum. This framework will, at a minimum, describe the procedures for the following curriculum evaluation activities:

- Identify specific purposes for assessing student learning;
- Develop a comprehensive assessment plan;
- Select/develop assessment tools and scoring procedures that are valid and reliable;
- Identify procedures for collecting assessment data;
- Identify procedures for analyzing and interpreting information and drawing conclusions based on the data (including analysis of the performance of various sub-groups of students);
- Identify procedures for establishing at least three levels of performance (specific to the content standard and the assessment tool when appropriate) to assist in determining whether students have achieved at a satisfactory level (at least two levels describe performance that is proficient or advanced and at least one level describes students who are not yet performing at the proficient level);
- Identify procedures for using assessment information to determine long-range and annual improvement goals;
- Identify procedures for using assessment information in making decisions focused on improving teaching and learning (data based decision making);
- Provide support to staff in using data to make instructional decisions;
- Define procedures for regular and clear communication about assessment results to the various internal and external publics (mandatory for communication about students receiving special education services);
- Define data reporting procedures;
- Verify that assessment tools are fair for all students and are consistent with all state and federal mandates;

CURRICULUM EVALUATION

- Verify that assessment tools measure the curriculum that is written and delivered;
- Identify procedures for deciding when multiple assessment measures are necessary for making good decisions and drawing appropriate conclusions about student learning;
- Identify roles and responsibilities of key groups;
- Involve staff, parents, students, and community members in curriculum evaluation;
- Ensure participation of eligible students receiving special education services in district-wide assessments.

It is the responsibility of the Superintendent (with assistance from the Director of Curriculum & Instruction) to keep the board apprised of curriculum evaluation activities, the progress of each content area related to curriculum evaluation activities, and to develop administrative regulations for curriculum evaluation including recommendations to the board.

- · We are on the right track and have been working hard to establish this. Glad we have been doing the right thing to match the RTI document.
- 2. What additional questions do these data generate?
- Still have progress to make but have a good basis. Need to tweak.
- 3. Based on the results and responses provided in today's discussion, what are your next steps as a school building/district? (Timeline, support needed, resources, prof. development)
- Continue with RTI training this summer. Change team up a bit so others participate in the training. Increase communication with parents and students.

Board of Directors Red Oak School District Red Oak, Iowa 51566

Dear Directors,

Please accept this letter as a notification of my decision to retire from my teaching career as a Special Education teacher at the end of the 2012-2013 contracted school year, contingent on your acceptance of my prorated early retirement.

Thank you so much for seven excellent years in your school district. I have worked alongside some excellent colleagues, and have had many opportunities to grow and develop in my career field.

This was a difficult decision that I made with my family, but I am ready to move on to the next phase in my life. I will truly miss my duties and students, and I will continue to support all the efforts of the District to make the Red Oak Schools the best in the area.

Sincerely,

Each board meeting may have one or more reports from district staff; announcements of future meetings; or general announcements from organizations. Seldom will the information require formal board of director action. If formal action is needed on any item, a recommendation will be provided.

7.1 Administrative Reports

At publication time, no written reports or meeting summaries were ready to share with you.

7.2 Future Conferences, Workshops, Seminars

In late January, Terry proposed the following continuing education activity for the Directors:

The renewal or non-renewal of contracts for professional staff and support staff is closely tied to the directives found in the Iowa Code. Would the Directors be amenable to scheduling a mini-workshop either in person or via electronic means? This would cover the legalities of contracts for administrators, teachers, and support personnel. Thoughts?

An update will be given this evening concerning a possible workshop for the Directors on Monday, March 25.

7.3 Other Announcements – will be announced as needed
