- ✓ March 15th-19th - Spring Break

COVID-19 UPDATE...

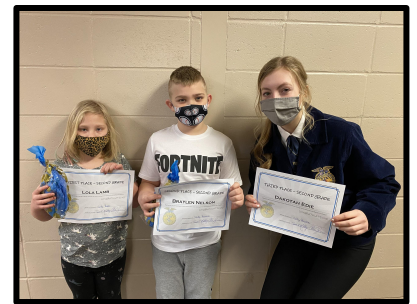

At this time, there are **Zero** positive case at Inman Elementary. Montgomery County Public Health has been a partner with the school and has worked hard to assist us with contact tracing. When we have a positive associated with the building, Montgomery County Public Health contacts the families involved.

The health and safety of our students and staff is our number one priority. Steps are taken daily to clean and sanitize the building. Students are doing an excellent job of wearing mask. Hand washing is still a priority in our building as well. We are closely monitoring the situation and will continue to keep you informed.

If your child or someone in your house is displaying Covid-19 systems, we encourage you to self-monitor and keep your student home. Please contact the school if you have any questions.
